

Fall Protection for Residential Construction Focusing on Scaffolding, Ladders & Roofs

A trained workforce equals:

- Reduced injuries
- Reduced/eliminated fall protection citations
- Reduced insurance costs and financial liabilities

Testimonials from Participants:

Ultimate Concrete

“Philaposh has addressed the need of smaller contractors in the construction field that are often overlooked due to lack of resources and time.”

Topline Construction (Roofing Contractor)

“We were pleasantly surprised when we attended the Fall Protection training. The knowledge my guys gained was critical and very necessary.”

**To schedule a training
or if you have additional questions, contact:**

Hillary Blecker, Training Coordinator

Phone: (215) 386-7000 E-mail: philaposh.trainer@gmail.com

Trainings can be scheduled at a location, date and time that is convenient for you.

All trainings conducted by the Philadelphia Area Project on Occupational Safety and Health
